ART UNIT	PAPER NUMBER
----------	--------------

1621

DATE MAILED: 10/21/2005

Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 1621

The reply filed on 31 May 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): It does not elect a single species. Applicants' elected a phosphatidylethanolamine bound to a polysaccharide. The term, polysaccharide, encompasses many structurally disparate and separately classified compounds. For example, polysaccharides could be homopolysaccharides, for example, amylopectin, cellulose, chitin, glucan, starch, etc., or heteropolysaccharides such as algin, glycosaminoglycans, hyaluronic acid, gums, mannans, etc. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Peter G. O'Sullivan at telephone number (571)272-0642.
